<b>Offroad</b>	6 %
<b>Cyclability</b>	100 %
<b>On cycle road</b>	17 %
<b>Signals</b>	None
<b>Suggested time</b>	All year long

### Description

This itinerary crosses the territory of the Medio Lodigiano from West to East, connecting the areas surrounding the rivers Lambro and Adda and the paths of the Dorsale Adda, the Lodi Periurban Ring or the Lambro Ring. This path unfolds almost entirely on secondary roads, with little traffic, surrounded chiefly by agricultural lands, interrupted by the pleasant architectural structures of the rural towns crossed by the paths.

## Elevation

Ref.	Km partial	Km total	Description
	0.0	0.0	From Borghetto Lodigiano take Provincial road 125 for Livraga
	0.5	0.5	after a short stretch on the Provincial road take a right into via Coppi
